Draft: 2,94 m

Displacement: 10.432 kg (ballast: 4,5t)

Freshwater: 200 ltr

Hull material: Carbon composit

Fuel: 95 ltr

Lying: North Germany

The Andrews 56 GER-5500 "BROADER VIEW HAMBURG" from the "Hamburgischer Verein Seefahrt e.V." is an offshore performance yacht that has been successfully sailed several times across the Atlantic and on many international offshore regattas. Due to the light construction and the functional equipment, the ship has a high speed potential. The spacious interior can be redesigned in a variety of ways, depending on the purpose and area of travel. Thus, the ship is also ideal for incentives, sailing training or as a fast and safe long distance yacht with few crew. Winter storage always indoors in a shipyard. Exclusively for sale at Kirchner & Mares.
