Various information about „Arietta“

Olle Endlerlein designed this modern classic for himself and had it built in Sweden. The original construction drawings are available and will be delivered with the ship. There is a double berth in the bow (approx. W 2.00 m x L 1.90 m). There is a toilet with storage space between the salon and the forward berth. The centerpiece of the salon is the salon table, which is foldable and also suspended on a gimbal. Only the small salon table is shown in the photos. The salon benches can also be used as bunks. Every winter the SY Arietta was painted and any damage repaired. Investments were therefore made in the constant maintenance of the ship.
